## E- Governance Report: 2017-18 to 2021-2022

The IQAC of Progressive Education Society's Modern College of Commerce and Computer studied Nigdi, initiated a mechanism of e-governance in areas of operation with the objective of enhancing efficiency in day-to-day functioning of the institution. It was expected that this would help streamline resources, aid in optimum utilization of manpower, computerize and collate data, provide easy access to information, minimize use of paper and considerably reduce the time taken to carry out administrative work.

Implementation of e-governance was enforced in the areas of administration, Finance and accounts, Student's admission & Support, and Examination.

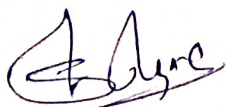

**Administration:** Introduction of automated workspace helped reduce the use of paper, bring in transparency, make all official records and data digitally available and thereby increase efficiency in workflow. TDS, Vruddhi, Tally are some of the software used by the college in carrying out administrative functions.

**Finance and Accounts:** Computerisation in financial procedures proved beneficial in tracking fee collection from students and maintaining proper accounts. It also helped in tracking fees dues and generating reports. Introduction of E-governance also facilitated cash flow management within the college, which in turn helped the institution to foresee and plan utilization of its financial resources.

**Student's admission and Support:** Online admission procedure proved beneficial for students seeking admission to various academic programs offered by the college as they could successfully complete the entire procedure like filling the admission form, submission of application with prescribed documents, payment of fees etc. remotely, and avoid travel during the pandemic. Communication with students on academic and official matters could be carried out easily through Google groups, whatsapp, emails & other social media platforms. The fully functional college website served as a single-point contact for all academic, administrative & examination related information.

**Examination:** The Examination process is regulated by the Savitribai Phule Pune University. Availability of all examinations related online, such as syllabus, exam schedule, examination form, Hall tickets, seating arrangement and result of the examination helps student's access information easily. Automation in examination management by Savitribai Phule Pune University helped in introducing efficiency and transparency in assessment and evaluation methods and facilitated smooth conduct of examinations.

The e-governance report for the academic year 2017-2022 is submitted to the Governing Council. The Governing council has verified and accepted the report.
